DIGITAL MENU BOARDS

We are pleased to announce another great service, from VISUAL SOLUTIONS INC..... Our Digital Menu Boards.....

These modern, sleek HD LCD Video Walls, allow restaurant operators to generally incorporate high resolution, visually stimulating images into their menu display, instantly update content to account for last-minute product changes, make changes and update prices, etc.

The leading benefits for implementing Digital Menu Boards: are:

1. Save time and cost with ease of menu changes (for availability of ingredients, pricing, sold-out items, etc.).
2. Up-sell & promote new items.
3. Enhance the customer experience & help reduce perceived wait time.
4. Ensure a visual consistency (vs. posters that may lose colour and fade overtime) and enhance overall aesthetics of establishment.
